US eCommerce Dashboard

1. Executive Summary

See a high level overview of US eCommerce performance

2. Turnover - by Model

View TO and USG by Model at a high level

3. Turnover - Division by Model

View TO and USG by Division, across Models

4. Turnover - Top 10 Customers by Division

View top customers by TO (and USG) for total US eComm, as well as by division

5. Turnover - Division/Category

View TO and USG by division and by category

6. Turnover - Mix

Dive into a Tree Chart to explore size of business by category at each customer, and by customer for each category

7. Topline

View NSV, NIP, and TO by Customer and by Category

8. Brand NSV

View NSV performance, and YoY growth rates, of each Brand across Customers and

9. P&L - By Period

View the Total US eComm P&L (down to PBO) by month or quarter

10. P&L - By Segment

View the Total US eComm P&L (down to PBO) by Category, Customer, or Model

11. GM% Matrix

View GM% of each Category at every Customer and whether it is above/below the eComm category average

PLEASE NOTE

A. All tabs can be viewed by different YoY time periods by adjusting the date filters at the top of each page. To select multiple time periods, hold the 'Ctrl' button while clicking

B. All tabs can be viewed by select divisions, models, customers, categories, or brands by adjusting the filters (see black Filters tab on the right side of the page)

C. Adjusted filters are applied to all tabs. Click 'Reset to Default' button at top of each page to undo all filters

D. Brand data available only at NSV level
